

Box Project Member Testimonial

Note: this message was from a member recipient family that received emergency funds after their home was flooded with sewage

We want to thank you very much for the emergency funds. We were able to buy some shoes and clothing for each other along with some more cleaning things to clean with. We were so happy to receive this. The Box Project is the only one who tried to help us. May God bless each one of you! Pray for us and hope that things get better. Thank you again for your help.

Beverly P., Mississippi
